

Open Space

Chris Wilson
Aptivate Ltd, UK
AfNOG 2010

How Open Spaces Work

- Four areas with projectors, nine 10-minute time slots
- Get a card and write your name and your most important topic or question on it
 - E.g. How do I filter spam with Exim?
- Check the other questions posted:
 - If you know how to answer a question, please join that group! (and don't double-book yourself)
 - If you find a similar question to yours, put your card below it to extend the time
 - Otherwise find a free space on the timetable and post your card there
