will also advise that emphasis should be made more on the benefits of implementing the technologies being taught with real world practical illustrations. Finally, this is my first time in AfNOG and I must say I am greatly impressed at the set-up and packages. It is pretty good to be here. I look forward to being at future AfNOG. Kudos!
5/29/2015 5:39 PM   View respondent's answers

The big problem was about time, some of practical topics could not be completed due to lack of time. for next time may be there could be more managing for practical time or even put it in schedule itself.
5/29/2015 5:39 PM   View respondent's answers

This track is very informative and practically excellent. I did not have anything specifically that i detest about this Track. you can only improve it by asking other resource person on sit to get involve with the participants when the class is going on, to allowing flowing of ideas. Thank you so much.
5/29/2015 5:39 PM   View respondent's answers

Sessions were good but can be more intensive in some point . Ensure we have labs for all the session. Give opportunity to test.
5/29/2015 5:21 PM   View respondent's answers

Very technical
5/29/2015 5:14 PM   View respondent's answers
